

January-February 2021 Happy New Year!

Welcome Pat Gillette, Chief Operations Officer

Kane Landscapes would like to welcome Patrick Gillette as the most recent member to join the Kane team. Pat joined Kane in December of 2020 as Chief Operating Officer. As COO, Pat is focused on strategic growth, team member development, daily operations, continual process improvement, all with a focus on providing a superior customer and employee experience. Pat comes to Kane Landscapes with over 25 years of experience providing strategic and operational leadership in both residential and commercial landscape management, design, and construction. He holds an Associate Degree in Ornamental Horticulture from

Northern Virginia Community College and went on to study Business Administration at George Mason University. Pat believes that the key to providing superior customer service lies in the training and continued development of the Kane Landscape team. In his free time, Pat enjoys hiking and fishing with his wife and their three daughters.

Award Winning Landscape

Kane Landscapes, Inc. is proud to announce that we recently received an award for our entry into the 2020 *Excellence in Landscape Awards* by the Landscape Contractors Association (LCA). Kane received the award for Design/Build at in the category of Outdoor Living Area for a recently completed project in Vienna, VA.

Winter Savings - !0% Off!

Spruce your landscape up for the holidays or a landscape project to compliment the roses for your sweetheart! The Maintenance Division is offering 10% off all enhancements sold and installed from now through Valentines Day. Enhancement work must be sold, scheduled and completed between now and February 14th. We are offering several services to keep your landscape looking its best through the Holidays until Spring arrives, including:

Curb Washing

First impressions mean a lot. Over the course of the year the curb in-front of your home tends to get dirty. They are marked by tires, trashcans and weather to a dull grey that severely detracts from your home's appeal. With this optional service, we will visit your property to power-wash the concrete curbs, gutters and concrete driveway apron to really give your house better "Curb Appeal".

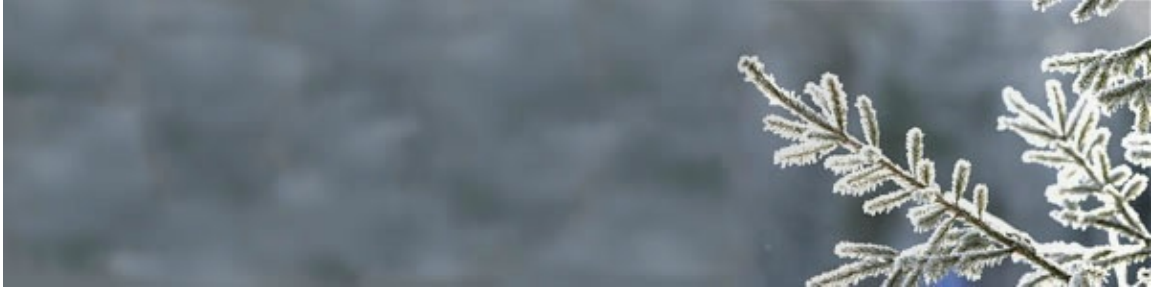

Wilt-Proof

In the Autumn and Winter, the air get dry and the soil freezes. These conditions can wreak havoc on your evergreen trees and shrubs as they try to retain moisture in their leaves. With this optional service, we will treat all of your evergreen shrubs and trees with an anti-desiccant that reduces water loss from evergreen leaves and needles and helps to keep your plants healthy all winter long. Three treatments are included.

Deer Off

When food is scarce, deer will often eat whatever is available in order to survive. To help keep them away from you landscape plants, which you've invested so much in, we can apply a deer repellent that will help keep these adorable creatures from becoming destructive pests. Three applications are included.
